"I was very impressed when I stopped in your store. One of the prettiest swimwear stores I have been in. (and as this is my 30th year selling ladies swimwear I have been in a couple!)"

"For the longest time, I hated to go bathing suit shopping. The cute suits I did find either didn't fit up top, or the bottoms were too low cut. It wasn't until I found Nicole's that I came to love getting new bathing suits! Nicole's is a place I can go, find a stylish two piece, that both pieces fit to the shape of my body. I can have the cute suit that doesn't reveal too much up top and fit just right with the bottoms. It was so easy going to Nicole's and getting the help I needed. Lisa helped me find which style bathing suit went with my body and when she didn't have it in her store; she didn't hesitate ordering what I needed. It was so much fun going in there that this is my second summer getting swim suits there and I have come to consider Lisa a dear friend."

"I have bought my swimsuits from Nicole's the last two years, and I will not bother going anywhere else, EVER! The total experience of buying a swimsuit is now enjoyable, whereas it's never been before. And, the bonus is, all her swimwear and accessories beautiful! From the time you walk in the door to the time you leave with your perfectly fitting swimsuit, is an experience like none other. No matter what your needs are, or the fact all us women are self conscious in some shape or form, Lisa and her staff have a way of making you feel beautiful. We all need a little of that! Thanks Lisa! I have several special needs in finding the perfect fit and Nicole's solved my problem. So, all I can say is, go to Nicole's Swimwear for a great experience, then, go tell all your girlfriends!"

I have shopped at Nicole's on three occasions and never left the store without items. All three times it was like I had a personal shopper who suggested styles and colors and brought more items to the fitting room as needed. Honest feedback was given.....in a kind manner! The shop is neat and orderly and well stocked. I WILL return! And the sale prices were incredible!"
